

also served as the Executive Board Member of the Anaheim Secondary Teachers Association Political Action Committee.

Mr. Shimogawa was worldly and broke down barriers for teachers in Orange County. He always said that although he loved being a teacher of history and politics, his proudest accomplishment was being the husband of Teresa Shimogawa and father of his four beloved children.

Winston Churchill once said, "We make a living by what we get, but we make a life by what we give." Mr. Shimogawa demonstrated selflessness in the way he assisted the community. His passing is a great loss for Orange County, but his passionate spirit will forever live on.

Mr. TIBERI. Mr. Speaker, I rise today to recognize Lakewood High School for winning the Division II Ohio High School Softball State Championship.

An achievement such as this certainly deserves recognition. The Ohio High School Athletic Association has enabled talented teams and individuals to earn state titles since its founding in 1907. CONGRATULATING MITCH HERRICK ON HIS RETIREMENT

HON. MARIO DIAZ-BALART

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 6, 2016

Mr. DIAZ-BALART. Mr. Speaker, I rise today to commemorate the retirement of Mitch Herrick, who I have been privileged to work with for many years.

Mitch Herrick began his career in aviation as an air traffic controller in Albany County, NY. Since 2005, he has served as an air traffic controller at Miami Air Traffic Control Tower and Terminal Radar Approach. In addition to the substantial responsibilities of his job, Mitch has also represented the National Air Traffic Controllers Association (NATCA) as its local facility vice president and legislative representative.

Mitch's career has had several notable highlights, including serving as the chair of NATCA's Realignment Committee, which works jointly with the Federal Aviation Administration to ensure that all air traffic control centers are working as efficiently as possible and serving the appropriate regions. Additionally, Mitch was the NATCA's lead representative in implementing a sweeping safety program, the Standard Terminal Automation Replacement System (STARS). Mitch worked with the FAA and Raytheon, a defense contractor, to upgrade the equipment that will keep passengers and our airspace safe.

In recognition of his invaluable contributions to the air traffic controller profession, NATCA awarded Mitch with its highest legislative awards honor, the Trish Gilbert Legislative Activism Award, in 2013.

In my work with Mitch, he has always proven to be straightforward, dependable, and honest. It is clear he has a true passion for his profession, and he has prioritized safety over politics and worked tirelessly to advance the interest of NATCA members. I am proud to be able to call Mitch a friend. I would like to extend my sincerest congratulations to Mitch on his illustrious and productive career, and thank him for his service both in the United States Marine Corps and as an air traffic controller.

Mr. Speaker, I am honored to pay tribute to Mitch Herrick for his tremendous service to the Miami community, and I ask my colleagues to join me in recognizing this remarkable individual.

Mr. OLSON. Mr. Speaker, I rise today to congratulate the Pearland, TX Mary Marek Elementary School Aqua Tigers, for placing third in Open Class at the National SeaPerch Challenge at Louisiana State University.
